As you are aware, the province of British Columbia has announced their intention to harmonize the provincial sales tax with the federal goods and services tax, the GST, on July 1, 2010.

The Canada Revenue Agency has developed dedicated WebPages to provide information on the proposed transition to HST for Ontario/British Columbia. These WebPages can be found at www.cra.gc.ca/harmonization. These pages contain the most current information relating to the proposed transition to HST for Ontario/British Columbia and are updated regularly as information is released.

If you require further information or registration, please contact me at 250-561-7804 or by email: Vickie.Houk@cra-arc.gc.ca
